we found what we had been looking for.

Mussey says:

"This, of course, is not an encouraging statement of facts for the Democrats, and the further fact that for the first time Mahone himself is personally the candidate for the suffrages of his fellow-citizens is calculated to add to the alarm of the Democracy, as his personal strength before the people is as yet an unknown quantity. Upon the whole, it is a pretty fight as it stands, and if there is no striking below the belt I believe that Mahone will be elected by a good round majority."

Since the introduction of the THOMPSON'S BROMINE ARSENIC WATER in this market, in July, 1837, the sale of it has been large, and when used in the diseases for which it is recommended, the effect has been satisfactory in nearly all cases, and in many instances the meat WONDERFUL RESULTS have followed its use. If we were to publish one twentieth of the letters we receive from grateful persons who have been benefited by it we could not find room in our catalogue. We learn through the NEWSPAPERS that numerous other firemine Arsaule Springs have been unearthed, and they delight in making comparisons with the Thompson Spring. We thank them for their help in thus making the OKIGINAL and DESERVELLY-POPULAR WATER still better known, and truss they will continue to advertise us. WRITE FOR PAMPHLET.
